STAMP
HERE

Giant Geyser, Yellowstone Park, is the greatest geyser in the world today in point of height and duration of eruption. It plays 250 feet high for a few moments in the earlier part of each display, and continues for an hour and a half at lesser heights. Its intervals of quiet between eruptions vary from six to fourteen days.

ADDRESS.

HAYNES PICTURE SHOPS, INC., 341 SELBY AVE., ST. PAUL, MINN.
